Night Golf

tee off Greens

Night Golf is a fun, exciting and novel way to do staff team building or entertain clients. It can be played and enjoyed by all levels of golfers. This is ensured by our unique Night Golf handicapping system.

A game normally consists of 9 par 3 holes. The green, hazards, pin, cup and players are indicated by luminous glow sticks. You also have a luminous ball which is very difficult to lose, even if you hit it into water or into the rough.

Enormous team building fun!
