capture the moment

Join a top professional photographer and experience a magnificent wildlife photography programme in Southern Africa, one of the world's greatest wildlife destinations where the "Big Five" roam free.

This programme is dedicated to wildlife and birding photography, and we limit the group size to ensure that each participant can enjoy unobstructed photography from a specially designed open safari vehicle.

Each programme is open to all photographers of all skill levels, from beginners to the more experienced. Whatever your skill level, this programme will be a fantastic opportunity to improve your wildlife photography, while getting great shots of Africa's wildlife and birds and in so doing enjoy an unforgettable experience.
