## Survivor Africa

Out Think - Out Run - Outclass

survivor africa

Tribes compete over a course of problem solving and personal challenge elements to gather the maximum points in the allotted time. Time constraints necessitate careful route planning. The elements themselves require more specific skills, such as problem solving, lateral thinking, overcoming personal fears and above all teamwork.

Events include Outspoken, Outgun, Outlive, Outfit, Outsmart, Outright, Outstrip and which all culminate in an Outstanding Tribal Council for the winning tribes.
